Thanks for sending this over. I have shared with my mom and sisters.

Are there any updates on the denial information?

Hi Sandy,

Any idea when we might hear back about the FOIA request?

As the attorney on record can you subpoena or reach out to immigration directly?

There is no subpoena ability with immigration, unless it is in Court. I reached out via calling with no response after leaving a message. The only real ability to see what the Agency did is the Freedom of Information Act request. However, it takes 3-5 weeks for the Agency to respond.
